A Memo from the Mayor, Nanette Konishi

Water-water everywhere! Please understand that the naturally occurring springs and puddles on private property around town are not city responsibility. Each property owner that has a natural spring pop-up, or overflowing puddle is responsible for containing and redirecting it so that it doesn't damage neighbor's property. It's been an unusually wet winter and spring, and many of us are experiencing seepage because of it. Time to get out the sump pumps and wet-vacs, but unless you believe that any unusual water is from a broken city mainline pipe, please don't contact the city about excess water issues that "mother nature" brought to your door. We can't handle those problems. If you believe the city is at fault for any reason, we can direct you to our insurance company to determine fault. This may sound like a hard line, but it is the only legal way we can operate and be fair to all.

The Granny Shop

Grannys Needs New Windows

Cutoff for information to make it to the map is Wednesday May 3rd.

Rosalia Municipal Airport UPDATE

FAA (Federal Aviation Administration) allots "Entitlement" funds to small municipal airports every year. We have accumulated \$600,000 from these funds and have strict guidelines stating that they must be used for infrastructure-type projects. At the recommendation of FAA project Manager Karen Miles, we are

upgrading and replacing all electrical and lighting fixtures, creating a paved taxiway, and improving the access road to the airport to use up these grant dollars. With the \$415,000 received from the hangar fire in 2014, we will be adding other improvements to the airport, making it a marketable and self-sustaining asset for Rosalia. To quash the rumors--these funds must be spent to benefit the airport, because the hangar was originally purchased with FAA grant dollars.

Street Cleaning

Eljay and Eric are getting the street sweeper running. We will try to give you notice of when they will sweep. Battle Days is coming up, and the Fire District is doing their voluntary, yearly, street wash on May 20th at 5am. Please help us by making sure your car is not parked on Whitman between 5th and 7th that morning. If you want to help with sweeping and weeding the sidewalks, join us and volunteer

Registration forms and payment must be completed NO LATER than May 14th, 2017

Rosalia Battle Days June 3-4, 2017

Battle Days was started in 1970 with the help of the Odd Fellows Lodge. The name refers to the Indian War of 1858 in which Colonel Edward Steptoe led his troops to one of the territory's worst defeats at a site on the east side of Rosalia that is presently marked by a monument.
