

Pine Creek Conservation District is committed to conserving and restoring the natural resources that communities in NE Whitman County depend upon. Their office (lovingly called The Little Green Shed) might be small, but the work they do has a big impact on the communities they serve. When not in the office, staff are out in the field, attending community events, or in a classroom, so don't hesitate to send an email or give a call. Beyond Rosalia, Pine Creek Conservation District also serves Oakesdale, Malden, Thornton, Tekoa, and Farmington.
